If you've been sitting tight waiting for just your kind of car, with just your kind of power, at just your kind of price—wait no longer!

Chevrolet. It's a bigger, more beautiful car this year. Which is why that handsome silhouette could be mistaken for cars costing a thousand—even two thousand—dollars more.

Chevelle. This one's got lively looks, spirited power, a softer ride—and remarkable room atop a highly maneuverable wheelbase. No wonder it's today's favorite mid-size car.

Chevy II. No car so trim has a right to be so thrifty. But thrifty it is, with money-savers like brakes that adjust themselves and a long-lived exhaust system.

Corvair. Ask any '65 Corvair owner how it feels to drive a car with such easy steering, tenacious traction and responsive rear-engine power. And be ready to do lots of listening.

Who came the longest distance to be here? Well, there was the pleasant interview I had with Mr. and Mrs. Ivan Grant. No relation to Gen. U S Grant She is a native of Sydney, New South Wales, Australia, and he is S. a native of London, England. They met some four years ago, and he is now an advertising art director in New York City. Fine people, and while here they were overnight guests in the hospitable home of Mr. and Mrs. Lloyd Vaughan who had made a guest room available for Centennial visitors. Wish I could have chatted longer with these fine visitors.

Oh yes . . . it was a field day for autograph- seekers. One lady wrote and called by long distance to ask Mother Brightleaf to be sure to get her five autographs of Robert E. Cancer Stamp Can Help Save Lives

Although the Crusade Against Cancer postage stamp issued this month will not "stamp out cancer," it can help save many lives with its emphasis on early diagnosis for cancer.

The new U. S. five-cent commorative stamp was issued on April 1st in Washington D.C. during crcemonies at the White House. Among those participating were President Lyndon B. John A. Grenouski, Dr. Robert J. Faulconer, of Norfolk, president of the American Cancer Society's Virginia Division, Leonard J. Emmerclick, president of the District of Columbia Division, and Dr. John M. Dennis, president of the Maryland Division.

The Crusade Against Cancer Stamp is the first anticancer stamp to be issued by the United States, which now becomes the 47th country to issue such a stamp in one form or another. Since 1929, 46 countries have issued some 110 postage stamps directed against cancer.

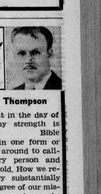
A Friendly NOTE



By: Paul Thompson

"If thou faint in the day of adversity, thy strength is small . . ."

Adversity in one form or another gets around to calling on every person and every household. How we react can very substantially lessen the degree of our misfortune. The road can be made easier, of course, through the kindnesses of friends but, in the main, it is the strength that wells from within that we must rely on to carry the brunt of the load.

If we lack the necessary strength and if we don't make the effort, then, as the quotation from the Bible states, "thy strength is small."

It takes about 4/10 of a second for our regular customers to come into PARKWAY RESTAURANT, Rt. 24, Appomattox, and get settled for a delicious meal of prime ribe and port, steaks, chops or sea food. They're clock watchers who know what's best . . . and when its time to eat right.
